

December 1, 2011

Spooner Area School District Afterschool Update:

- **Afterschool Targeted Assistance has begun at the Elementary School on Mondays and Wednesdays. We will continue with this programming until further notice.**
- **After School Session I ends Thursday, December 8. Session II Afterschool clubs begin again Monday, January 16.** Please remind your child about this change in after school routines so all children have a safe landing place during the next few weeks. Some spots are still available. Contact Karen Collins, 715-635-0243, if you have questions or know someone who wants to join the Afterschool Program.
- **It is time to reserve your child's spot in afterschool clubs for Session II. Return the bottom portion of the "Hold my Spot" note coming out this week.** If openings become available we invite children from our waiting list to fill vacant spots and add additional students who want to join.

For additional information contact:
